The County's financial performance is discussed and analyzed with the context of the accompanying financial statements and disclosures following this section.

**FINANCIAL HIGHLIGHTS:**

- On the cash basis of accounting, the County's total revenues were \$20,833,649. Total expenses were \$28,902,326, which included continuing jail construction costs of \$12,029,002. A balance of \$3,111,881 remains to be expended on jail construction.

**USING THIS ANNUAL REPORT:**

This annual report is presented in a format consistent with the presentation requirements of the Governmental Accounting Standards Board, as applicable to the County's cash basis of accounting. This annual report consists of four parts as follows: (1) Government-wide financial statement, (2) fund financial statements, (3) notes to the financial statements, and (4) supplementary information.

**Government-Wide Financial Statement:**

This financial analysis of the County begins with the government-wide financial statement presented on page 10. This Statement of Activities and Net Assets reports information about the County as a whole, and includes the results of operations from all of the County's general, special revenue and separate report funds.

**DEAF SMITH COUNTY**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**SEPTEMBER 30, 2022**

**Fund Financial Statements:**

This analysis of the County's funds provides detailed information about each individual fund, not the county as a whole. A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. Some funds are required to be established by State law, and the County establishes certain other funds to show that it is meeting legal responsibilities for using certain taxes, grants, and other money. The fund financial statements begin on page 11 with the general fund types. On page 12 are the special revenue fund types. The separate report funds begin on page 13. Fund financial statements for agency funds are presented as supplemental information on page 32.

**Notes to the Financial Statements:**

The notes to the financial statements are an integral part of the government-wide and fund financial statements and provide expanded explanation and detail regarding the information reported in the statements. The notes to the financial statements begin on page 17, immediately following the basic financial statements.

**Supplementary Information:**

The annual report includes optional financial information, such as management's discussion and analysis, budgetary comparison schedules, and combining statements. This other supplemental financial information is provided to address certain specific needs of various users of the County's annual report.

**BASIS OF ACCOUNTING:**

The County has elected to present its financial statements on a comprehensive basis of accounting other than generally accepted accounting principles (GAAP). Basis of accounting is a reference to when financial events are recorded, such as the timing for recognizing revenues, expenses, and their related assets and liabilities. Under the County's cash basis of accounting, only cash and cash equivalents and changes therein resulting from receipts and disbursements are reported.

As a result of the use of the cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid and accrued expenses and liabilities) are not recorded in these financial statements. Therefore, when reviewing the financial information and discussion within this annual report, the reader should keep in mind the limitations resulting from the use of the cash basis of accounting.

Investments

The County is required by Government Code Chapter 2256, the Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act (Act) requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the County adhered to the requirements of the Act. Additionally, investment practices of the County were in accordance with local policies.

The Act determines the types of investments which are allowed for the County. These include, with certain restrictions, (1) obligations of the U.S. Treasury, certain U.S. Agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) mutual funds, (8) local government investment pools, (9) guaranteed investment contracts, and (10) common trust funds.

Analysis of Specific Deposit and Investment Risks

GASB Statement No. 40 requires a determination as to whether the County was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year-end the County was not significantly exposed to credit risk. At September 30, 2022, the County's investments, other than those which are obligations of or guaranteed by the U.S. Government, are rated as to credit quality as shown in the above tables.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institutions, or collateralized with securities held by the pledging financial institution's trust department or agent. At year end, the County was not exposed to custodial credit risk.

NOTE 2 - DEPOSITS AND TEMPORARY INVESTMENTS (CONTINUED):

c. Concentrations of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the County's exposure to concentration of credit risk is shown in the table above as the percentage of each investment type. The County's adopted Investment Policy establishes diversification as a major objective of the investment program and sets diversification limits for all authorized investment types which are monitored on at least a monthly basis. At year end, the County did not have any exposure to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. In order to limit interest and market rate risk from changes in interest rates, the County's adopted Investment Policy sets a maximum stated maturity limit on certificates of deposit of one year. Investments in TexPool can be withdrawn at any time. At year end, the County's exposure to interest rate risk is summarized in the above table.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the County was not exposed to foreign currency risk.

Investment Accounting Policy

The County's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair values unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

NOTE 2 - DEPOSITS AND TEMPORARY INVESTMENTS (CONTINUED):

Public Funds Investment Pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service; and 3) maintain the fair value of its underlying investment portfolio within one half of one percent of the value of its shares.

The County's investments in pools are reported at an amount determined by the fair value per share of the pool's underlying portfolio, unless the pool is a 2a7-like, in which case they are reported at share value. A 2a7-like pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

NOTE 3 - PENSION PLAN:

**A. PLAN DESCRIPTION**

Deaf Smith County provides retirement, disability, and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system consisting of nontraditional defined benefit pension plans. TCDRS in the aggregate issues a comprehensive annual financial report (CAFR) on a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at P.O. Box 2034, Austin, Texas, 78768-2034.

DEAF SMITH COUNTY  
NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED SEPTEMBER 30, 2022

NOTE 3 - PENSION PLAN (CONTINUED):

The plan provisions are adopted by the governing body of the employer, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

**B. FUNDING POLICY**

The employer has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the employer based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the employer is actuarially determined annually. The employer contributed using the actuarially determined rate of 11.86% for the months of the accounting year in 2021, and 11.98% for the months of the accounting year in 2022.

The contribution rate payable by the employee members for calendar year 2022 is the rate of 7.00% as adopted by the governing body of the employer. The employee contribution rate and the employer contribution rate may be changed by the governing body of the employer within the options available in the TCDRS Act.

**C. ANNUAL PENSION COST**

For the employer's accounting year ending September 30, 2022, the annual pension cost for the TCDRS plan for the County was \$674,499.96. The annual required contributions were actuarially determined as a percent of the covered payroll of the participating employees, and were in compliance with the GASB Statement No. 27 parameters based on the actuarial valuations as of December 31, 2019 and December 31, 2020, the basis for determining the contribution rates for calendar years 2021 and 2022. The December 31, 2021 actuarial valuation is the most recent valuation.

NOTE 3 - PENSION PLAN (CONTINUED):

**D. GASB 68**

The County uses an other comprehensive basis of accounting, which does not require the financial statements to be in accordance with GASB 68. However, if used, the net pension asset is estimated to be \$2,900,672. Pension Income is \$365,650, deferred inflow of resources is \$36,678, and deferred outflows of resources is \$1,455,545.

**E. SUPPLEMENTAL DEATH BENEFITS PLAN**

The County also participates in the cost-sharing multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TRMS) known as Supplemental Death Benefits Fund (SDBF). The County elected to provide group-term life insurance coverage to current employees. The County may terminate coverage under and discontinue participation in the SDBF by adopting a resolution before November 1 of any year to be effective the following January 1.

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death).

The County contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. The intent is not to pre-fund retiree term insurance during employees' entire careers.

The County's contributions to the TCDRS SDBF for the year ended September 30, 2021, and 2022 were \$9,118.28, and \$10,695.60, respectively.

NOTE 4 - CAFETERIA PLAN:

Deaf Smith County entered into an Administrative Services Agreement with WageWorks beginning October 1, 2016, whereby the County adopted a flexible benefits plan of the type described in Section 125 of the Internal Revenue Code. The plan is automatically renewable annually on October 1, unless agreed in writing no later than thirty days prior to renewal date. The participants in the cafeteria plan are entitled to certain rights and protection under the Employee Retirement Income Security Act of 1984 (ERISA).

NOTE 5 - PROPERTY TAXES:

Property taxes are levied by October 1st in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1st of the year following the year in which imposed. On January 1st of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are reported as revenues when they are collected since the County is on the cash receipts and disbursements method of accounting.

NOTE 6 - HEALTH CARE COVERAGE:

Effective for the year beginning October 1, 1989, Deaf Smith County adopted a self-insured health insurance plan. The employees of the County are covered under this plan for group hospitalization insurance. Employees may contribute for their dependents' coverage by electing payroll withholding for the premiums to the Plan. The County contributes \$345 per employee per month to the County's third party administrator acting on behalf of the County, which then in turn bills the County for the claims paid plus the administrative fees for services rendered. The County is protected against unanticipated catastrophic individual losses in excess of \$80,000 by stop-loss coverage provided by Companion Life Insurance Company.

NOTE 7 - COMPENSATED ABSENCES:

Employees of Deaf Smith County are entitled to paid vacation, paid sick days and personal days off, depending on job classification, length of service, and other factors. It is impracticable to estimate the amount of compensation for future absences, and accordingly, no liability has been disclosed in these notes to the financial statements. The County's policy is to recognize the costs of compensated absences when actually paid to employees.
